Description of exhibit (please provide a compelling paragraph description as well as 3-8 photos we can use to promote your work): <p>Headwaters School for Music and the Arts has revived it's monthly art exhibits. Next March 2018 I have proposed that women artists from the Bemidji area hold a joint exhibition in celebration of Women's History Month. The artwork should be created by a woman artist and may or may not be related to the subject of women.</p> <p>Women's History Month celebrates individual women of historical importance, groups of women of historical importance and women in general and their importance in history. Women have generally been written out of history and when mentioned are usually portrayed in stereotypical roles. With this exhibit we celebrate women and women artists in particular.</p>
